

Sports Premium Funding 2018-19

PLEASE NOTE: this is a working document and pricing and objectives may be subject to change throughout the year.

Monkshouse Primary School has been issued with a substantial amount of money by the Government as part of the Sport Premium Initiative. This sum of money is ring-fenced and is to be spent by the school on 'improving the quality of sport and PE'. Ofsted will be focusing on how effectively this premium is used towards the given objective and as a school we will be held to account as to how we have spent this money. It has recently been announced by the government that the sports premium funding should double from September. This plan will be amended once we are aware of the funds we will be receiving.

At Monkshouse, the Headteacher, staff and Governors have given careful consideration as to how this money should be spent and our rationale for spending the money is

- To improve the quality of the sport and PE that we are already offering to the children ensuring all children benefit
- Offer training opportunities to staff to improve teaching and learning and for CPD
- Ensure the school is able to participate in local tournaments and festivals
- Encourage more participation in a wider range of after school activities for all children
- Develop intra school competitions
- Ensure that staff have a better understanding of achievement in PE

PE Curriculum

At Monkshouse, a wide range of sporting activities are available to enhance the children's skills. We are also dedicated at making sure that all pupils receive high quality PE lessons and opportunities across games, gymnastics and dance. We have also planned for swimming across KS2 and rigorous gym circuit training, which will put their fitness to the ultimate test!

The Wider Curriculum

PE and sport is a driving force at Monkshouse Primary School. Children are encouraged to take on a range of new, exciting sports to expand their repertoire of talents. Outside organisations are used to enhance the range of sports available, and we take full advantage when these opportunities become available. From here, staff are given the opportunity to learn from professional coaches and develop their teaching further in PE and Sport. Talented children are often found peer-teaching others, as well as modelling their skills to the class.

Beyond the School Day

Monkshouse are a school who always deliver a range of exciting sports clubs to the children from TA's, teachers and outside organisations. By working with a range of ambitious adults, children relish the chance to try many sports such as Football, Hockey, Gymnastics and Rounders. In order to sustain this high standard, we ask for parental feedback on clubs. The children are always enthused to enter a wide range of competitions including tag-rugby, cricket, tennis and rounders. Success needs to be shared and for this reason, we display sporting talents in the newsletter for all to see.

Commitment

Monkshouse is dedicated to providing an increasing range of opportunities for children to participate in high quality sports games and PE activities.

Monitoring and evaluation of intended outcomes:

PE Subject Leader will monitor the impact of funding by:

- Planning scrutinies
- Lesson observations
- Staff audits
- Analysing CPD evaluation forms
- Observing outside organisations
- Linking with PE governor and report to curriculum sub-committee

Swimming:

Swimming is an important skill and can encourage a healthy and active lifestyle. The programme of study for PE sets out the expectation that pupils should be taught to:

- Swim competently, confidently and proficiently over a distance of at least 25m
- Use a range of strokes effectively (for example: front crawl, backstroke and breaststroke)
- Perform safe self-rescue in different water-based situations
