

### Literacy

We will be reading George's Marvellous Medicine and writing instructions to create our own vile recipes inspired by Roald Dahl's book, Revolting Recipes. We will be getting creative with poetry, as well as writing instructions and preparing leaflets for our Art Exhibition!

### ICT

The children will be focusing on their keyboard skills this term and learning to work with Word.

They will also be using iPads within the classroom for research and taking pictures.

### Music

This term we will be listening to a variety of songs and building on our musical knowledge, performing and playing instruments. We will also be practising the songs for our Christmas performance at the end of term.

### Numeracy

During the term we will be continuing to work on basic maths skills using addition and subtraction. We will also be exploring shape, identifying and describing the properties of both 2D and 3D shapes.

We will be practising the 2 and 10 times tables and the inverse division facts as part of our Rock-stars challenge.

### General

Homework is given out on Wednesdays and must be returned on Mondays.

Spellings are given out and tested each Friday.

PE Days—Mrs Wheatley—Mondays and Fridays. / Mrs Wickham—Tuesday and Thursday.

## Muck, Mess & Mixtures

### PE

This term we will be practising our skipping skills and improving our throwing and catching skills.

### PSHE/SEAL

We will be finding out how to make a call in an emergency and discussing our families and how all of our families are different. We will also be discussing how to be a good friend.

### Art and Design

Throughout this topic we will continue to be creatively messy and you will find us experimenting with bubble paintings and marbling. We will re-create a food landscape image in the style of Carl Warner, become 'mini' Jackson Pollacks and imitate the art of Banksy.

We are also hoping to put on a Year 2 Art Exhibition where every child's artwork will be on show.

### RE

We will find out about how light is important to Advent and how Christians prepare for Christmas. We will also be visiting a church to see the preparations for their Christmas celebrations.

### DT

The focus this term will be looking at where our food comes from and how our lives and diets have changed with the arrival of food and drink from around the world. We will look at a healthy diet and why we need to have a varied diet to remain healthy.

### Science

This promises to be a messy and fun-packed term. The children will be making predictions about how materials change when added to water and will be investigating which material makes the best bubbles. We shall be observing foods that have been through the melting process and make predictions about which would melt first. We will also be attempting to make ice-cream in a bag!
