

### Art

Make some art using the natural materials from your garden. Research the artist Andy Goldworthy. Look at his artwork. Can you make something similar. Remember to return your materials and wash your hands afterwards.

### PSHE

Think about what you eat. Design a meal that is healthy. Label your foods and the different food groups you have included.

### Science

Create an A-Z of minibeasts. Write A,B,C etc and try to think of a minibeast with that letter.

E.G. A— ants

Can you think of more than one minibeast?

## Home Learning Projects

### Year 2: 15th June to 28th June

If you are unable to access Seesaw, then please work on these activities, alongside the ones we have already sent home, in your home school book. Take a photo of the more practical activities and put them in your book.

### Maths

Practise your multiplication. Choose one of the following times tables 2, 5,10.

On 12 cards write the numbers 1 to 12. Put them face down on the table.

Choose a card and multiply that number with your chosen times tables.

Remember you can always use the Rockstars app too.

### DT

Bake something using honey. It could be bread, cakes or biscuits.

Take pictures as you bake and then write the instructions for someone else to follow.

Record this in your home learning book.

### English

This term we will be looking at bees. Write a story about a bee. Where is it? What is it going to do? What dilemma will it have? How will it solve the problem? How does the story end?

Write in your home school book. Draw a picture to go with the story.
