

Monkshouse School

Curriculum Intent Statement

At Monkshouse Primary School, our intent is to provide children with a rich, vibrant curriculum that is ambitious for all learners. Our primary focus is to raise aspiration; engendering a sense of personal pride; building resilience, and ensuring that all children experience success in an inclusive environment. It is designed to inspire enthusiasm for learning by being knowledge rich and rooted in a progressive skills framework, that sits within a whole school cross-curricular approach. Enriched by the provision of memorable experiences, it engages and excites the children, fuelling their curiosity and creating a thirst for learning.

Our belief is that children learn best when they enjoy the topics being covered. This enables children to make meaningful links with their learning, whilst understanding its purpose and seeing its relevance to their past, present and future.

Our school values of Caring, Confidence, Perseverance, Respect, Responsibility and Teamwork are essential elements that go across our entire curriculum and are embedded in our daily practice, thus developing self-esteem and belief in their own abilities, whilst also creating a life-long learning culture.

Community involvement is an integral part of our curriculum provision. We regularly invite families and visitors to share learning experiences with us. Our curriculum enables us to build strong relationships, celebrate diversity, encourage respect and build a sense of community, thus supporting overall pupil well-being and happiness.

Ultimately, we want all of our children to be the best that they can be, making a positive contribution to the world in which they live.
