

Monkshouse Primary School

Reopening of School - Reception

For the past few weeks we have been staying at home and following social distancing rules because of an illness called Coronavirus.

The Government have now said that some children can return to school. School will now be open for children in Nursery, Reception, Year 1 and Year 6.

However, when you return to school it will look very different to how you may remember it and there will be some new rules that you will have to follow.

All classes (you may also hear these being called bubbles) will have less children in them. You will have to stay in these groups all day - even at playtimes and lunchtimes. This helps to stop germs spreading.

When you arrive at school you will have to look for the sign that tells you which is your entrance. It is important that you only use the entrance that is signposted for your year group. For Reception, this is the entrance by the bike shed.

We would prefer it if you walked to school.

Please continue to follow social distancing rules as you enter the school.

Each bubble will start school at different times - it is important that you are on time and walk across the playground towards where your teacher will be stood.

Mrs Lincoln's class will start school at 9.00am.

Mrs B's class will start school at 9.00am.

Your parent/carer will take you to the barrier near where your teacher is stood.

You will quickly say goodbye to you parent carer there and walk towards your teacher who will open the gate to let you through.

Once you have gone through the gate, you will walk down the Reception/KS1 path towards your classroom door, where Mrs Lincoln and Mrs B will be waiting for you. Mrs Lincoln's class will be in Mrs Dobb's classroom but Mrs Lincoln will be there to show you where to go.

It is important that we continue to follow social distancing within school and there will be lines down corridors to help you to do this.

Classrooms will also look very different with tables spaced out to allow for social distancing.

Mrs Lincoln

Mrs B

In your classroom, you will have your own tray with all the resources you need in it.

You must only bring your lunch box and a coat into school with you and these will be stored in your classroom. Your teachers will tell you where to put them

You should also bring a clean, named, full water bottle into school with you each morning. You will be unable to fill your water bottle up during the day, but an adult will refill your bottle for you.

You do not have to wear your school uniform to school, but you will need to wear a clean set of clothes each day. As we will be spending lots of time outside, please make sure you wear sensible shoes (preferably trainers) to school.

Playtimes will also be very different. The field and playground will be split into different zones and you will have to stay in the zone you are given with the other children in your bubble. It is important to play games with your friends that mean you can stay 2 metres apart. An adult will remind you of social distancing if you get too close to another person.

When you arrive at school, and throughout the day, you will be asked to wash your hands. You should use soap and warm water and wash your hands for at least 20 seconds. There are also

hand sanitizer units around school which you will be able to use to help prevent the spread of germs.

If you cough or sneeze, it is important to cover your mouth with your hand or your elbow. You will then immediately need to go and wash your hands. If use any tissues in school, there will be a special bin with a lid which they should be put in.

You will be able to use the toilets throughout the day. However, to avoid people within different bubbles mixing, we will ask you to knock on the door and check that no one else is in there before you go in.

At the end of the day, you will leave school using the same door that you came in through. It is then important that you leave school straight away through the gate onto the playing field with your parent/carer.

When you are walking to or from school, please remember to stay 2 metres away from others.

We are really looking forward to having you back in school soon. If you have any questions, about returning to school, please message your teacher on Tapestry.
