

## Accessibility Plan January 2021

Review Date: January 2024

This Accessibility Plan ensures that we continue to improve all aspects of the physical environment of the school, the curriculum and written information so that all pupils with a disability can take full advantage of their education and associated opportunities.

### Definition (Equality Act 2010)

“A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities”. Under the Equality Act 2010 substantial is defined as ‘more than minor or trivial’ and ‘long term’ means has lasted or is likely to last more than 12 months. The definition is broad and includes children with a wide range of impairments including hidden disabilities. All those with cancer or surviving cancer, HIV or Multiple Sclerosis are now included from the point of diagnosis.

The Accessibility Plan shows how access continues to improve for pupils with disabilities, staff and visitors to the school.

The Governing Body is responsible for ensuring the implementation and resourcing of the Plan and for reviewing the Plan. Monkshouse Primary School is committed to providing an accessible environment, which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. The school will strive to remove or minimise potential barriers to learning allowing all children to achieve and participate fully in school life.

### Access to the Physical Environment

Accessibility Plan January 2021				
Area for Improvement	Action to take	Resources	Recommendation/ Timescale	Outcome
Accessible car parking.	2 disabled parking spaces are situated to the left of the main reception area.	Maintain disabled parking spaces.	Ongoing	Parking available for disabled people.
