

# Concerned about your child's talking and understanding of words?

**We are here to support you.**

**1.7 million children and young people in the UK have  
challenges with talking and understanding words.**

**We offer two free services for parents.**

## **Enquiry service**

Talk to a speech and language therapist for expert help and advice.

A confidential phone call for parents, carers and professionals.

## **Parent-focused TALK webinars**

Led by speech and language therapists for parents of children aged 18 months to 2 ½ years.

These webinars will guide you through a range of activities and approaches that you can use with your child at home.

**Book a free call or  
webinar place today**
