

# Young people, radicalisation & autism

Young people on the autistic spectrum can be vulnerable to online radicalisation and extreme and harmful beliefs.

You can register for a Young People, Radicalisation & Autism workshop, which explains the radicalisation process and how it affects those with neuro-divergence. There are workshops sessions available for parents and carers, as well as professionals who work with families.

These workshops have been developed by the Lincolnshire County Council Prevent team, working with Parent Zone.
