

## English

We will start the term looking at the poem 'The Sound Collector'. We will learn the poem and then become 'sound collectors' around school, stealing sounds and using them in our own poem! We will be continuing with our Curious Quests, a different story per week. Children will create and draw inventions for the characters of the story and then write sentences. They will start looking at adjectives and using 'and' in a sentence.

## RE

Our big question is 'What do creation stories teach people about God and human nature'. The children will be listening to creation stories from different world religions and engaging in Godly play.

## Computers

'Technology all around us' is all about us discovering the technology we have in our classroom. We will learn to use laptops and control of the mouse pad. We will learn to use a keyboard and how to use a computer responsibly.

## Maths

- Week 1 - Place value within 20
- Week 2 - Addition and Subtraction
- Week 3 - Addition and Subtraction
- Week 4 - Addition and subtraction
- Week 5 - Place Value with 50
- Week 6 - Place Value within 50

## Year 1

### Term 3 Topic Map

## Art

In Art we will be exploring the work of Van Gogh, expressing our likes and dislikes. We will learn to use lines to represent shapes and outlines. We will experiment with various thickness of lines and plan our own ideas, creating our own piece of artwork.

Robins Class assembly  
2<sup>nd</sup> March

## PE

Dance and Team Building  
Finches - Monday and Tuesday  
Robins - Monday and Friday  
22.1.26 Flamenco Dance Workshop

## Geography

In Geography we will name and locate the four countries on a map of the UK and identify the country they live in.  
We will continue to identify the four seasons and the current season and describe some seasonal changes.  
We will explore the four compass directions, observing and describing daily weather patterns.

## PSHE

In PSHE we will be learning about 'Keeping Safe'. We will think about people who can help us, good and bad touches and the consequences of sharing pictures online.

## Science

In Science, we will continue to learn about materials. We will sort them according to certain criteria and investigate what materials would be most suitable to make a dog's bed. We will also learn about absorbency.

Please continue to read with your children at home. Please also remember to complete maths homework weekly and practise spellings.
