

## **Art**

We will evaluate the works of the artists Katsusika Hokusai and Bryan Nash Gill. Using these observations, we will create detailed drawings inspired by their work and transform them into monoprints.

## **French**

During French lessons we will be learning how to pronounce the names of ten instruments. We will also be practicing writing these down. Then we will be learning how to use the verb 'jouer' (to play).

## **English**

We will begin the term by reading A River by Marc Martin and write setting descriptions. We will then move onto writing explanation texts based on The Street Beneath My Feet by Charlotte Guillain.

## **Maths**

Continuing our learning from last term, we will use our times tables to complete more complex number problems.

Including, multiplying a two-digit number by a one-digit number. We will then learn about length and perimeter.

**Who lives in Antarctica?**

## **Geography**

This term, we will learn about the climate in Antarctica. We will identify human and physical geographical features of Antarctica and locate these on maps.

Additionally, we will learn about Ernest Shackleton and map his route across Antarctica.

## **PSHE**

This term we will explore how we can keep ourselves safe. We will look at how we can keep ourselves safe at home, out in public and also online.

## **PE**

This term is dance and netball. In dance, children will use counting and rhythm. In netball, children will understand the attacking and defending principles within invasion games.

## **Computing**

This term, we will learn more about desktop publishing. We will learn how change the layout of text and images to create our own party invitations.
