

## **RE**

This term, we will learn about Hinduism and the creation story.

We will explore this through storytelling. We are very lucky as a special visitor is going to come into school for a Hindu experience afternoon too!

## **French**

During French lessons we will be learning how to pronounce the names of ten animals. We will also be practicing writing these down. Then we will be learning how to use the singular verbs.

## **English**

We will begin the term by writing information texts about our favourite animals. These will be displayed in the hall. We will also read and perform the poem 'Please Mrs Butler' by Allan Ahlberg.

## **Maths**

We will continue learning more about addition and subtraction.

This will include using the inverse operation to check our answers. We will then move on to multiplication and division. We will use facts from the 2, 5, 10, 3, 4 and 8 times tables.

How did daily life change in Britain from the Stone Age to the Iron Age?

## **History**

This term, we will investigate how daily life changed throughout the Stone Age to the Iron Age. We will examine different artefacts, as well as learn about different animals that lived throughout the Palaeolithic and Mesolithic period. We will also explore how hunter gatherers found food sources.

## **PSHE**

This term, we will explore the topic 'Valuing Difference'. This will include how we can accept differences and how to collaborate with others whilst being respectful.

## **PE**

We will be practicing our throwing and catching skills in dodgeball. We will learn how to use tactics and move into space. We will also be working as a team during outdoor learning to complete activities with natural resources.

## **DT**

This term, we will continue learning about seasonal food. We will use this information to design seasonal puff pastry tarts. We will use chopping skills to prepare ingredients safely.
