

## **Science**

This term, we will learn all about rocks! We will learn how rocks and fossils are formed. We will also learn which rocks make up the earth and investigate different types of soil.

## **Maths**

We will delve deeper into fractions, including ordering, representing on number lines and equivalent fractions. Following this, we'll explore mass, including grams and kilograms and capacity, including millilitres and litres.

## **DT**

This term, we will program our own digital device. We will also think about how our products could be presented and promoted to others.

## **French**

This term, we are learning about the topic 'Les Peux'. We will learn action verbs so we can say what we are able to do 'Je peux' and what we are not able to do 'Je ne peux pas'.

Why did the Romans invade and settle in Britain?

## **PE**

This term in PE, we will engage in exciting sessions of tag rugby, enhancing teamwork and coordination. Alongside this, we will focus on our gymnastic skills.

## **English**

We will begin this term by performing the poem 'The Adventures of Isabel'. Then we will move onto writing a narrative and a diary entry. We will continue reading 'Varjak Paw' before moving onto 'Escape from Pompeii'.

## **History**

We're stepping back in time to explore early Rome and discuss what made the Roman army so successful. We'll look at different sources to see how the Britons responded to the Roman invasion. Finally, we'll explore how the Romans changed Britain.

## **PSHE**

We will discuss how to recognise and manage risks, understand how to keep ourselves safe in different situations and learn how to seek help and make responsible choices.
