Start of Term 1

## SAFEGUARDING SNIPPET

### WATER SAFETY

In light of the exceptionally warm weather this week, we have been talking to the children in school about keeping safe around water.

Please see the attached information from RLSS UK and please use this to guide any conversations you may have around water safety with your children at home.

## DISCO

# THANK YOU!

A big thank you to everyone who supported our discos last week - the children had a blast and we saw some amazing dancing in action! We are pleased to announce that this event raised a brilliant £939 which will also be spent on our new outdoor reading area. A big shout out also goes to all of the staff who endured the blistering heat of the hall for the duration of the event - we really appreciated all of their support as, without them, these events would not be possible.

## CRAFT CLUB

This week at Craft Club, we took our creativity outdoors! The children explored our outdoor area to collect natural materials such as sticks, leaves, feathers and flowers to create their own unique paintbrushes. They loved experimenting with different textures and discovering how each natural brush made different marks and patterns when painting. It was a fantastic way to encourage creativity and an appreciation of the natural world while having lots of fun!

## CELEBRATION ASSEMBLY - 26<sup>TH</sup> JUNE

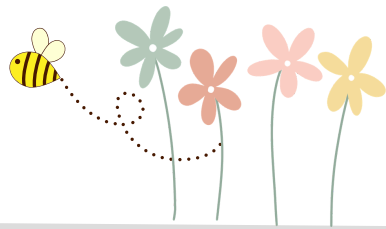

### PUPIL OF THE WEEK

Ruairi, Robert, Luna, Magnus, Alfie, Ruby, Emilija, Ema, Sophia, Charlie, Thomas, Jenny, Ewa

### VALUES

Kajus, Margot, Amijah, Maja, Alessia, Naina, Jessica, Billy, Dev, Danielius, Alexander, Timas, Aurika, Ada, Olivia, Noah, Neave, Elsie, Lukas

## RECEPTION - DUCKLINGS

This week, our classroom has moved outdoors among the trees! Each morning, we have collected our favourite learning tools and set up an outdoor classroom in the cool shade. The children have thoroughly enjoyed the fresh morning breeze while drawing, building, reading, and exploring the tyre area. There has been plenty of learning, creativity, and adventure, and lots of happy smiles along the way. What a fun and memorable week it has been!

## YEAR 2 - KINGFISHERS

This week in Science, Kingfishers have been investigating habitats! We had a look around the school grounds for any microhabitats we could find and plotted them on a map. We also created a sketch of one of these microhabitats, showing which living things are found there. We then researched habitats around the world and created a group picture to demonstrate our learning.

## YEAR 4 - CURLEWS

On Friday, Curlews had a wonderful experience: the year 4 sleepover! The excitement built throughout the day and by 3.15pm, the tables had been moved and the classrooms were ready for us to set up our beds. The children enjoyed a broad range of activities throughout the afternoon and evening including scavenger hunts, rounders, board games, movies, football and karaoke alongside enjoying hot chocolate, ice lollies and pizza! As the evening progressed, the children were extremely excited to sleep in their classrooms with their friends and were mostly all asleep by 1am!! We are so proud of the children for taking part in this experience as for lots of them it was their first time sleeping away from home. Well done Curlews and all of year 4!

## YEAR 6 - FALCONS

Falcons have been working hard in maths, using calculators confidently to solve complex problems. As they prepare for secondary school, they have been developing the skills needed to tackle more advanced calculations independently. Their perseverance, accuracy and positive attitude towards challenging tasks have been excellent to see.
